

CAPABILITY STATEMENT

Environmentally Friendly, Mentally Sound

Founded in 2020, The Umbrella Manufacture LLC is an independently owned and family-operated supplier of environmentally sound products to be used in the field of janitorial services across the nation. Headquartered in Houston, Texas and manufactured in Pennsylvania we provide products such as odor eliminators, specialized cleaning solutions, and all-natural repellents like EvictaRat—a non-toxic, American-made rodent deterrent. Our offerings are trusted across parks & recreation, fleet care, building maintenance, food services, carpet & upholstery, industrial facilities, and safety equipment. Umbrella is also the owner of 37 MSDS/SDSs that are EPA regulated.

As leaders in odor elimination, our focus is on empowering individuals and communities to *breathe easy* by delivering innovative odor elimination and cleaning solutions. We are committed to building strong, lasting relationships through our mission of creating healthier, more comfortable environments for all. Guided by our values of safety, sustainability, effectiveness, and mental well-being, we deliver products that uphold consistent quality and transparency. Our products do not contain phthalates, alcohol, VOCs, masking fragrances, dangerous chemicals, or harmful additives. We are, and always will be, **Environmentally Friendly, Mentally Sound**.

As a resident of Houston, Texas, and a recent graduate from Howard University's Class of 2023, Noah Thierry, the sole owner and CEO of The Umbrella Manufacture, has been awarded the following: 2022 Presidential Gold Medal Award for Environmental Leadership, 2022 U.S Congressional Student Entrepreneur of the Year Award For The Umbrella Manufacture, 2022 Texas House of Representatives Mental Health Advocacy Award, the 2022 HBCU.GOTV Award for the creation of a mental health TV series, and 2021 Congressional Award for Volunteer Services.

Umbrella's team includes those with extensive sales management experience, as well as comprehensive knowledge of city, state, and the federal government operations. This expertise strengthens our integrity and enables us to provide customers with the worldclass service they deserve.
